Brandon St. Residents: Concern about cove filling up with sediment

Elena Thompson / Kenneth Ference / Bruce Neff / Ray Aquilio / Mike Peltier

Questioning Catch Basin working correctly. Next steps Jim W to check with engineering firm that performed job. Residents were informed that they could dig out sediment during Draw Down after receiving approval.

Mr. Hanna

Hanna agrees to follow path through Conservation requirements to move forward with engineering etc. Hanna then turns meeting into a personal attack towards Chairperson accusing of prejudiced towards him. Threatens to go to whatever extremes he has to go through to prove he is in the right. To be continued.
