

## New Trail Ribbon Cutting Celebration

The new trail at the Community / Senior Center (40 Brimfield Road in Holland) is finished! The Highway Department did a great job, and the surface is compacted and smooth. The trail is .2 miles long and forms a circuit, so that it is easy to count laps, if you want to keep track of the distance you have walked or jogged.

In the next few weeks a couple of granite benches will be installed, and a sign posted listing the distance of the trail. Once the sign is in place, the trail will be fully ADA compliant.

Paula Bak, the Center's director, has scheduled a **ribbon-cutting for 6:30 PM on Thursday, September 22<sup>nd</sup>, 2016**. Stop by then, or anytime, to enjoy a walk or jog on Holland's newest recreational asset. Bike to the Center, if you like. A bicycle stand was recently installed, as well.
