Old Business

The trail cams have been relocated. When last checked, one had taken approximately 1,000 photos of the same squirrel.

Janine Drake is awaiting word from Land Court. It might be possible to make a case that this is an "emergency." Dick will pursue this.

Dick discussed with Brenda Palmer the possibility of planting trees at the Center to shade the walking path. She is open to the possibility, although she expressed concern about damage from roots to the septic system, the foundation, and so on. Dick will talk to Tom Chamberland about the possibilities.

The goal of accumulating 600 likes on Facebook has been achieved. We will continue to consider issues regarding promotion activities and goals.

Projects for the Sichol property: creating a trail head featuring parking, installation of the kiosk, repair of the existing bridge, planning a the trail system, clearing and marking trails, and installing informational signs. The location and design of a second bridge needs to be considered. Limiting ATV access is certain to be an issue.
