Old Business:

A Certified Letter was sent to Mike Matte of 64 Kimball Rd. and Robert Benoit of 90 May Brook Rd. regarding their unauthorized work within the buffer zone and requesting that they attend a Conservation Meeting.

Nathan Gumlaw presented a narrative requesting a Restoration Plan that will be included in the Enforcement Order that will be sent to the owners of 90 May Brook Rd. as strongly suggested by Mark Stinson, Mass DEP Circuit Rider on the August 8, 2012 site visit to that property Mark Stinson also suggested a similar narrative and Enforcement Order be sent to the Highway Dept. for their sweeping of the sand and vegetation along the shoulder of Mashapaug Rd. which has allowed runoff into Stevens Brook. James Wettlaufer disagreed stating that this work was mandated by the Order of Condition, DEP file No. 184-0240 under Appendix A - Routine Maintenance of the Operations and Maintenance Plan for Storm Water Management Improvements. It was suggested that a letter be sent to Mark Stinson with this information. It was also suggested, until natural vegetation grows, grass seed should be planted along the shoulder at Stevens Brook.

Mail:

7:30 p.m. The scheduled Public Hearing for Kathleen Hunt and Michael Ford of 225 Mashapaug Rd. and Tracy and William Libretto of 221 Mashapaug Rd. was postponed because we **STILL** did not receive a DEP File No. from the Springfield, MA DEP, as they require a Notice of Intent (**not** an abbreviated Notice of Intent) and soil data.
